FOUNDED - the MORRIS RING - 1936

**Index**  
**to Volume 1**

*This index is dedicated, with  
respect, gratitude and affection, to  
the memory of*

**Ewart James Russell,**

*sometime Bagman of the Morris  
Ring (1959-1971) and founding  
Editor of The Morris Dancer*

**The Morris Dancer**

**Index to Volume One**

### **Preface**

Any production of this nature engenders debts of gratitude to helpers along the way.

First and foremost, all of us owe a tremendous debt to the late **Ewart Russell**, past Bagman of the Morris Ring and first Editor of The Morris Dancer. He typed every character manually (with copious additions of Tippex), collated and stapled every printed sheet (I still have the long-reach stapler that he used) and hand-wrote the address on every envelope for each issue. Without his dedication The Morris Dancer might well not have happened.

Secondly, **Walter Abson** saw the need for an Index and successfully proposed it at an Advisory Council Meeting.

Thirdly, **Ted Purver** performed the essential job of listing all the articles, authors, subjects and keywords - thereby preventing the passage of at least another year before publication.

I have attempted to identify all references that will help future researchers, erring on the side of triviality rather than attempting an evaluation of significance. I will be grateful for knowledge of any identified errors and/or infelicities, bearing in mind that at some point I shall have to produce a similar publication for Volume Two.

I hope that you find it enjoyable and of use

*Eddie Dunmore  
August 1992*
