Final Morris Offspring Show Ever!

Morris Offspring are a group of outstanding young Morris dancers who push and explore the boundaries of Morris, creating shows for the stage. This Spring they will be working with Faustus (Benji Kirkpatrick and Paul Sartin of Bellowhead, Saul Rose of War Horse) to create The Furnace - their final and most challenging show.

They want to make the show one to remember, talk about, and be inspired by. Enlisting the considerable talents of folk powerhouse Faustus, the music will be original, dynamic and captivating. It’s a great way for enthusiasts and philistines alike to see Morris in a new light! In these times where funding is scarce, we are delighted that the project has been supported by Arts Council England and the EFDSS.

To make each event even more special and unique, they need your help! They’re looking for a few different things over the next 3 weeks:

- Individual to help them publicise the events in exchange for free tickets! This will involve handing out flyers at relevant events, putting up posters in towns near to the show venues, and encouraging friends and family to come.
- Teams to dance before their gigs, or join them for a sing afterwards. They want each gig to be a fantastic event, not just another stop on the tour! Some venues are offering group discounts, so make it a team outing!
- People willing to support their ‘Morris and The Media’ Kickstarter project. Exciting and interactive, “Feeding The Furnace” will enable them to film the show professionally and share the DVD. Basically they’re looking for 100 people to buy an advance copy in the next 10 days - perfect if you’re unable to attend in person!
- Wherever you are over Easter, they’d love you to go and see the show, spread the word, get involved and all can all look forward to a night to remember!

Getting involved couldn’t be easier - contact them, via www.morrisoffspring.co.uk

Tell them who you are and how you’d like to be involved, whether to help them publicise (free tickets!), to dance at one of their gigs, or suggest a great place for a sing afterwards.

- 28th March - The Sage Gateshead
- 29th March - Terry O’Toole Theatre, Lincoln
- 30th March - Mumford Theatre, Cambridge
- 31st March - Artrix, Bromsgrove
- 1st April - Cecil Sharp House, London

THE MORRIS SHOP - The time has come!

After 19 years of very happy Morris Shop keeping Steve BfB has announced that the time is now right to move on and allow someone to take over.

As no one had volunteered to take over from Steve in time for the ARM he has fortunately agreed to carry on for the next few months. He will continue to run the Morris Shop via mail order but with a reduced physical presence at Morris events.

We appreciate that after 19 years or so Steve will be an impossible act to follow it is what the incumbent makes it. If anyone out there would like to contact the Squire of the Morris Ring about this, he would be delighted to hear from you. If you would like a confidential and non-committal chat with me….you know where I am:  Tel: 01274 773830 Mob: 07826 299629 Email: Sadamsonbfb@Blueyonder.co.uk

IMPORTANT – Appeal for Information on behalf of the JMO

You could be next!

You will no doubt have heard about the issues encountered by the Britannia Coconut Dancers over the stewarding and road-closures required for their annual traditional Easter Saturday dance through Bacup. Briefly, the local police were not prepared to provide traffic management for the procession and the council said that road closures would therefore be necessary, and that the cost of this should be funded by the Coconutters. Following discussions with the public bodies, this year’s event will be going ahead, with the local council funding the health and safety measures and the Police handling the traffic management.

However, this may well be only a temporary “fix” to the problem, and it is very likely that further discussions will need to be held prior to next year’s event. It’s also a problem that is affecting other Morris sides, festivals and similar events throughout the country as local councils and police forces seek to reduce costs but remain mindful of health and safety legislation. The burden of safety is being placed more and more on the organisers of these events, rather than on the public bodies on whom those organisers relied in the past.

The Three Morris Organisations (Morris Federation, Morris Ring and Open Morris) have been discussing the problem and have decided to act together under the banner of the Joint Morris Organisation (JMO). The JMO would like to hear about the experiences of any sides or organisers of events who have found themselves in similar situations. What were the circumstances, how did you deal with it and what was the outcome?
We need to collect as much information as we can, so that we can advise sides and organisations who may ask for help with these issues – each case will be different, and it’s unlikely that there will be a “catch-all” solution, but the more information we can gather, the more we will be able to support our members when they need it.

These kinds of measures are a threat to the rich variety of traditional and customary activities that take place around the country throughout the year, as well as to other events such as folk festivals, carnivals, parades and such like. By collating the evidence you can provide, we will be in a position to lobby for the protection of traditional events in the face of actions which may curtail them completely.

Please send responses to Barry Goodman (Chair of JMO 2013) at pres@morrisfed.org.uk and copy to bagman@themorrisring.org

Area Rep for the North: The 16 sides in this MR area are looking for someone to represent them on the Morris Ring Advisory Council.

While each area, and every Area Rep, is different in a nutshell their role is to be a link between the MR Squire and the sides within their geographical area.

• Maintain telephone and email contact with, and visit where possible the sides in their area, so that they to know what is going on.
• Relay to other sides in the area, and also to the Morris Ring Officers any interesting developments, successes, awards, funding, opportunities, deaths, etc., in the area
• Encourage associate sides in the area to progress to full membership.
• Promote inter-relationships between all sides in the area, including members of the Morris Federation and the Open Morris, e.g. act as a catalyst to arrange/organise instructionals and days of dance.
• Attend the ARM to present a report of activities in the area during the past twelve months and attend meetings of the Advisory Council.

Don’t be shy – if you think that you could fulfil this role please contact the Squire (or while he is overseas the Bagman) of the Morris Ring.
**Which area?** Several sides have queried which area they 'belong to'. The allocation is 'historic' but if you believe that you are in the wrong group please get in touch with bagman@themorrisring.org

Archives - what should the Ring keep, where and how?

This question was posed by the MR Squire at the Post ARM Advisory Council.
The issue extends beyond paper, photos and films to artefacts such as costumes of defunct sides. Essex County Record Office, where some of our paper archive is stored, accepts only original documents and some film material but what should /can we do with other things?

Appeal 1: To all sides for information:

What is your side doing with its archive material?
Information please to chrismetherell@googlemail.com

Appeal 2: The Squire of the Morris Ring would like to have compiled a list /catalogue of all Feasts, Weekends and Days of Dance & events that Morris Ring sides regularly organise.

Information please to bagman@themorrisring.org

Please check your Morris Ring Find a Side Entry

As well as your side's location, website address (where published) and contact name and phone number, we have now added the contact e-mail address we have been given for the Bagman.

This is the latest contact address, as notified to The Morris Ring Bagman or Treasurer, which we have for your side.

If you do not wish your personal e-mail address to be made public you may want to consider creating a generic "bagman@sidename.web address" as many sides are now doing. This has the advantage of anonymity as well as ease of administration where post holders change. Your side's published address remains the same; as all that is required is a simple tweak from your Webmaster (he said, confidently).

Click here <http://www.themorrisring.org/find-side> and follow the instructions, to check your side's entry.

**Clog Irons**: Dancers from across the three Morris Organisations have been having problems replacing their Clog Irons. Phil Howard has discovered a source and he is retailing them at £20.00 per set incl. postage and nails.

**And finally.......**

A huge *Thank You* to John Bush, Nigel Cox and Whitchurch MM who so successfully hosted the ARM. Could your side do it next year?

I repeat my appeal for you to check your email systems and erase my @nasuwt.net & @longslade.leics.sch.uk email addresses and only use the [bagman@themorrisring.org](mailto:bagman@themorrisring.org) or [charliecorcoran7@ntlworld.com](mailto:charliecorcoran7@ntlworld.com) addresses.

3. Minutes of the ARM 2012 (See Newsletter No. 79 May 2012)

   Accepted as a true record.         Prop. Tim Sercombe    Sec. Fred Hands

4. Matters arising from the Minutes

   a. Youth Fund: Part of Treasurer's Report
   b. 2012 Olympics: Robin Springett (RS) reported that they have happened – please to see Morris in the Closing Ceremony - esp Blackheath. We need to be more aware of events on the horizon - and offer our services. Peter Halfpenney: The media did get on our side.

5. Squire's Report: Robin Springett

   No questions.

   No questions - but CC explained again why direct application was necessary, esp with two overseas meeting. If no objections this will be the process in the future.

7. Treasurer's Report: Steven Archer (SA)

   Looking for a replacement Shopkeeper: Current shop very much BfB's creation and we recognise that there are likely to be changes following change of management.

   Publications: Costs will increase as Charlie no longer has access to cheap printing! Ring Meetings - range of donations raised by these meetings. Hope to bring costs down in future. We need to remember that while some can afford to go to Adelaide others cannot afford £70 for UK meetings: Hence our initiative to reduce costs. Outline financial model shows how the core elements vary between meetings, £70 to £55. We hope to encourage a similar range of price options each year - one 'low cost' per year - and hopefully will encourage non-attending sides to attend.

   Youth Fund. Sussex schools initiative is the type of event the fund is for! We are looking for projects that will encourage 'new youth. Mark Carter: Is this the green light for schools projects? Answer: Yes

   John Jenner (Cambridge) : Where did the money come from? SA: Sides making donations when they renew their subscriptions. What is CIN? SA: Children in Need. This heading is not really money - it is the JMO - joint fund.

   Brian Tasker (North British): Explained why and how the Youth fund was established and that the scope of the fund had now been widened to include school and similar projects.

   Ken Smith: (Mayflower) Questioned what the Reserve Fund might be used for? £60,000. Also - Morris Shop inclined to decrease - large level of stock. 4 years? SA: Subscription income - distorted as includes late payments from last year. Subscription income falling (we lost 11 sides last year and another 3 this) but costs rising - publication & postage are obvious examples of this.
Shop £23,000 stock. 50% in core items - bells etc. Rest in CDs and other books and the worth of that will depend upon who and how the shop goes forward. BfB (Jockey & Morris Shop) agreed that there were large sums tied up in stock. In general MR expenditure had been reduced over the last few years following the agreement to only fund officers for "essential Morris Ring business". BfB: Morris Shop stock is audited every year – details available from Treasurer.

Clive DuMont (Mendip). 150% rise in insurance excess. Please clarify what the insurance covers. Answer: Public Liability Insurance – 3rd Party and not us or our musical instruments. Clive asked whether the MR Insurance Broker might be able to offer ‘cheap’ insurance for instruments whilst being used for Morris purposes. Lester Bailey: suggested that the MR approach New Moon Insurance1. Information passed to Steven Archer for investigation. Bob Cross (Chalice): do look at household policies. Deal through a proper broker – esp. if you have specialist items. Harry Stevenson (Winchester): Can previous year’s accounts be included for comparison? Answer: Yes. He also asked what ‘Unclaimed expenses’ referred to. SA explained that they were included to illustrate the full amount of Officers but where full amount is not claimed the difference is re-entered here as a charitable donation. Officers claim an average of £300 pa. What were the Charitable donations? £100 for the Youth Fund to Sussex School Project: Children in Need £200; £100 to Ben Moss sponsorship for London Marathon

Peter Halfpenney (Harthill) Children In Need up-date: total £10,000 Proud that 2/3 from Morris Ring. Open Morris did not engage with it this year. JMO has decided to run it again this year with all 3 orgs involved. PH is seeking a way of handing over the £10,000 that will gain some positive publicity! Thanked all side that did contribute.

John Edwards (Stafford) £400 advertising? = Display boards

THE MORRIS SHOP  RS: Public thanks to Steve BfB  Rousing round of applause. Does it as a hobby. Claims little as expenses.

8. Chair of Advisory Council’s Report: Peter Halfpenney

No point in having a meeting without agenda items. The October meeting was too soon - the Squire did not know what he needed to know. That, along with diary problems, led to the cancellation.

a. Chair of Archive Committee: Chris Metherell
b. Paper: Chris Metherell on behalf of Geoff Douglas
c. Photographic: Duncan Broomhead

d. **Mumming**: Ron Shuttleworth

e. **Sword**: (See Above)

f. **Sound**: Andy Padmore

RS As people are not in attendance asked for questions, promising that the answers would be in the minutes. There were none.

RS What use are we making of the Archives? Artefacts are an issue. Cine films to be converted.

g. **New Dance Collator**: Mike Wilkinson

Report included - but Mike has now resigned. We are hoping to publish what he has amassed in some format.

- Lester Bailey (Aldbury) has volunteered to take over. MR funds can be made available for wider dissemination.

  Mike Stevens (Peterborough): Sides able to nominate whether dances can simply be noted or noted and disseminated. Barry Care (Moulton) warned that dances will escape!

  MacCoig (co-editor of MD) Will welcome this stuff - along with an explanatory history.

h. **Keeper of the Morris Ring Scrapbook**: Cliff Marchant

CC reminded the meeting that for a Scrapbook to work Cliff needed to have material sent to him.

i. **Keeper of the Morris Ring Log Book**: Charlie Corcoran

We hope to move these to the Essex Record Office with other archive material. Plans to get the Log Books onto the Website in future. Thanks to Geoff Jerram and others Vols 1-8 have already been transcribed.

10. **Publication Officers Reports**:

i. **Morris Circular**: Harry Stevenson

The current edition, no 67, is in its final stages of completion and I hope to have it visible on the Morris Ring web site within 10 days and in full Technicolor. I humbly apologise for its delay.

It is a 'bumper issue' of 24 pages and includes, amongst others, articles on the Hartley Morris Men's hosted Morris Ring Meeting (can I still call it that?), Britannia Coconut Dancers, Ashdown Forest, Bedford's 80th, Foresters, White Horse and Abingdon. There is also an intriguing letter on the 'ghostly' Jigs Instructional, apparently not abandoned, due to allegedly inclement weather, written by the next Editor of the Morris Ring Circular. The quality and not least its exaggeration and descriptiveness arguably augur well for future editions.
This edition is not only a 'bumper' one, but also one to be sought after by collectors. This is due to all the contributors' efforts to which I add my sincere thanks.

Further, I would like to thank all the contributors for their articles over the last 8 years. I also extend those thanks to the diligent past and present officers for their additional 'editing' and correcting of my many deliberate mistakes. Finally, I thank Charlie for his kind remarks in his report.

It has been a great honour and privilege to have edited the Morris Ring Circular but now happily pass on the baton to the infamous Mr Dan Frooty (aka Tony Foard).

Harry Stevenson  Winchester March 2013

ii. **Morris Dancer**: Andrew Bullen / MacCoig

*After 2 year gap the Morris Dancer has returned.*

*Future editions require contributions - including book reviews / CD reviews - but these must contain opinion and not simply descriptions.*  *No plans for hard copy.*

iii. **Social Network Coordinator**: Olli King

*In his report Olli has pointed out the advantages of all sides having Facebook and Twitter accounts.*

Mark Carter reminded the meeting that using Facebook was a great means of communication; Twitter was short & snappy but like web sites they need to be up-to-date. *Must also be on-track - i.e. morris-related.*

11. **Overseas Bagman**: Nigel Strudwick

*If anybody is going abroad do get in touch with him. Let him know - ask his advice.*

Pinewoods (USA) have suggested their hosting a Ring Meeting next year. *Who might go - no hands showed!*  *Harry - Winchester considering it.*

Tim Sercombe (Dartington) asked about CIOFF2. *We used to belong but left when the late John Maher reported that in his opinion it was not value for money.*

12. **Web Editor**: Peter de Courcy

*RS believes the site is great. Colin Andrews (Exeter) Map on site - can there be a list of member clubs?*  *Mark Carter: Pointed out that a few pages required up-

2 **THE AIMS OF CIOFF UK** -

- To promote British intangible heritage in all its variety through dance, music, games, rituals, customs and other arts;
- To support the activities of its members and non-governmental organizations working in the areas of folklore and cultural heritage;
- To maintain peace and strengthen friendship between countries of the World;
- To promote international understanding particularly in the field of folk art and folk culture.

**MEMBERSHIP OF CIOFF UK IS OPEN TO:** Festivals, organisations, groups and individuals who are based in the UK, who are engaged in the field of folklore, and who support the aims of CIOFF UK.

3 Membership is currently £300 for full membership
dating, Side information especially. For example on the Border page - Shropshire Bedlams - not a MR side! RS: Asked all to report problems / errors straight to Peter.

Peter Halfpenney - reminded the meeting that we had deliberately avoided lots of pages that would require up-dating. Front pages live - and up-to-date. Lists - data protection issues - better if bagman@........

13. Elections
a. Bagman of Morris Ring. CC agreed to continue. There was a show of hands to support his re-election - and round of applause. Reminded meeting of need to find a replacement in two years' time.

b. Ratification of Area Representatives following decisions reached at Area Meetings:
Role of Area Rep - RS brief summary of role - esp on AC.

- Northern Area: Vacancy continues n (2015)
- South West & Wales: Jed Dunn (Wyvern Jubilee) (2014)
- North East: Brian Pollard (2016)
- Eastern: Mike Stevens (2016)
- South East: Ian Bush (Chantonbury) (2016)

c. New Editor Morris Ring Circular: Anthony Foard (Mersey Morris)

14. Area Representatives Reports.
issues of recording the different NW tradition dances - some want to record them while other keep theirs 'private'. There is little published about NW and the Trad NW sides would not want any idea of 'massed' NW! . The MR will look into the possibility of instruction book for non-specialists.
b. North Peter Halfpenney - cost might not be the real reason for low attendance at meetings. The MR is subsidising by approx... £5 per head and many clubs subsidise attendance - sourced by collection. Ring Meetings are important - esp for new comers.
d. West Midlands Pete Simpson (2014)
Why don't we organise small local JMOs? A new rather than replacement idea. Ian Anderson (Thaxted) suggested that if this happens, if they were all on same day it would increase impact.
Musicians Instructional: Format is tried and tested and seems to work: Based around faculty of people who lead but alongside another event. You need a pool of dancers for them to play for. Ripley happy to host it in 2014 but need alternative venues in the future to attract people from all areas of the country.

Jed Dunn (Wyvern Jubilee) Encourage foremen to attend - that will help them to teach better.

f. Eastern Mike Stevens (2013)
There are a number of sides in the area with Boys /Youth membership. He appealed for individuals to join with Peterborough at Thaxted to tour as a Youth Side. Hoped for support from Youth Fund. - told to apply through Treasurer.

g. South West and Wales Jed Dunn (2014)
Thanked those who supported his election. No report as he did not feel appropriate before his election.
Concerned over Bacup issues: asked MR Officers to look into this (with JMO).
JMO Day of Dance: Hosted by Great Western. Technically application date passed - but if by the end of weekend. Only six MR sides so far.........

Roger referred to the MR Display boards and reminded the meeting that we need to use them. He also pointed out that the MR have the data files and that this can be available for sides to use - to incorporate this stuff into their own publicity materials.

i. South East Fred Hands (2013)
Fred thanked the clubs in his area for the support that he had received over the years as Area Rep. In return RS thanked Fred for his long and dedicated service.

**Leicester Morris 60th Jubilee Weekend**

Opportunity to join Leicester Morris Men and their friends at Rothley Station on The Great Central Railway on Sunday 1st September 2013

The Great Central Railway is the UK’s only double track, main line heritage railway. It’s the only place in the world where full size steam engines can be seen passing each other - just as it was when steam ruled the rails.

We plan to have displays running from 11.00am to 2.00pm - arranged to fit in with both GCR schedules and requirements of visiting sides. Visitors from both near and far will have the opportunity to dance, watch the dances, look at the trains or a combination of all three.

Based at Rothley Station the *day is free*, but you have the opportunity to purchase reduced-price tickets (£8 instead of £15) to travel on the trains - to Loughborough and the engine sheds, to Quorn (where there will be a vast Swap Meet); and to Leicester North. *More information about GCR on: [http://www.gcrailway.co.uk/](http://www.gcrailway.co.uk/)*

There will be a *Real Ale Beer Tent* and you can pre-order lunch (for £5), bring your own or purchase from the Station Buffet.

More information from Charlie, Bagman of Leicester Morris Men (& the Morris Ring)

Toby Melville of Anker Morris Men writes:

"In the summer of 2014, I will be undertaking a month long trip to Kenya with Camps International as part of a group of students from my college. This will involve me taking part in Wildlife Conservation projects and Community projects across Kenya including working with schools to help further their students' learning, both by helping out in lessons, and by helping to construct new buildings, or even make paper for them to use. Projects will also include learning how to SCUBA dive in order to help study the marine life off the coast of Kenya, and working to clean beaches of any rubbish that has washed up along the shore, risking harming animals. [More about the work of Camps International from www.campsinternational.com.]

This trip costs £4000, which I have to raise! I have run a sponsored triathlon and am working with my school colleagues currently on small projects to help raise money, as well as donating the earnings from my paper round, but still have a long way to go to reach the target amount. Towards this end, I would like to ask the sides of the Morris Ring to help sponsor me, as a Morris man, son and grandson of Morris men, by donating some money towards me reaching this total. Ideally, this could be an evening's collection but any amount you feel you could give would be greatly appreciated and help to send me to Kenya."  

Thank you. Toby
